Introduction to Heart Failure

Date: 16th April 2026
Times: 0930-1600
Venue: Zoom Online Platform
Places available: 12
Fee/s: NfP Members £105 / Non-Members £150

This workshop is suitable for: Nurses & other Registered HCPs.

Joanne Haws (RN MSc) is a registered nurse who held a variety of roles within the UK NHS before setting up in business as an independent consultant in 2010. Joanne is the Clinical Director of Learn With Nurses, a Community Interest Company providing online clinical education that is accessible to healthcare professionals globally. She is past Chair of the Nurses and Allied Health Professionals Special Interest Group of The British and Irish Hypertension Society and has authored many publications in the nursing and cardiology press both in the UK and internationally. She sits on the Editorial Board of Practice Nurse Journal and is a regular features contributor. Joanne is a Non-Executive Director of the National Association of Primary Care (NAPC) and is a facilitator on the CARE programme. She has been a Specialist Advisor to the Care Quality Commission since 2014.

Trainer Information

www.networkforpractices.co.uk

Heart failure is a serious and growing health challenge, often presenting with subtle signs that require careful assessment and timely intervention. This **introductory workshop** is designed to strengthen healthcare professionals' understanding of how the heart works, what happens when it fails, and how best to support patients across the full spectrum of care.

Learning Outcomes / Workshop Objectives

- To appreciate the burden of heart failure
- To recognise how the heart works and what is heart failure
- To appreciate the importance of appropriate assessment for patients presenting with signs and symptoms of heart failure
- To be familiar with the diagnostic pathway and investigations
- To be familiar with the principles of managing heart failure
- To recognise the importance of effective End of Life care

Course Content

- The burden and impact of heart failure
- Understanding heart failure –what is HFREF, HFPEF & HFmrEF?
- The cardiovascular journey from risk to failure
- Diagnosing heart failure
- Basic mechanisms of treatments
- Monitoring and recognising deterioration
- What's required in Primary Care: Registers & Annual Review
